The volunteers are local residents who have got together to help fellow residents living within their town or village. They do not take on tasks best suited to trained professionals or the emergency services but can help out with the occasional things one neighbour might do for another. Care scheme activity varies with each group but often involves giving lifts, collecting shopping or prescriptions; practical assistance with minor household repairs such as changing a light-bulb; or personal help such as letter writing or looking after pets.

FOR FURTHER INFORMATION ON THE GOOD NEIGHBOUR & VILLAGE CARE SCHEME NETWORK, CONTACT THE NETWORK COORDINATOR:
